

Submitter: Rebecca Simpson

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure: HB2457

DSPs (Direct Support Professionals) deserve a living wage and the individuals in their care deserve staff who are fairly compensated, resulting in staff who will stay at their jobs, are happy with their pay and benefits, feel valued, and are encouraged to continue working in human services. Create a positive and sustainable workforce by supporting HB 2457.
