

Submitter: Roberta Cade  
On Behalf Of: Myself  
Committee: House Committee On Judiciary  
Measure: HB2772

I support HB 2772. People must feel safe when in public, whether as a protester or using common space for personal reasons. Violence is unacceptable, always. There must be consequences, for both those who are threatening and for those who might otherwise act out in threatening ways were it not for laws prohibiting such behavior.
