Measure: SB548

Dear Oregon legislators,

We are all aware of the challenges of Oregon's foster care system, some of them are daunting when it comes to finding solutions. But this is one concrete way to help the children who find themselves caught up in the system. One small way to salvage or foster dignity and individuality when either seems almost impossible. As a taxpayer, parent and grand-parent, I urge you to pass this legislation. Please act so that we can all act together on this effort. Thank you, Nancy Haught
