

Submitter: Terry Leckron Myers
On Behalf Of: MHAAO
Committee: House Committee On Revenue
Measure: HB2089

I am here to oppose HB 2089 because of how this funding impacts all marginalized community members, Here is one example of how Measure 110 impacted this peer: MHAAO BHRN PSS met the peer at the Multnomah County drop-in center assessed his needs, found that he needed housing and employment. PSS assisted with funding and securing housing with Mt View Recovery Homes. PSS also supported with resume and transportation to interview, peer has full-time permanent employment with a BHRN Parter and now has a way to sustain their housing.
