

Submitter: Shilo Porter

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB2510

I urge you to support this bill for 2 primary reasons. (1) In these days of challenging weather events, having the Fair Grounds as a place to evacuate to for animals is essential, both in the immediacy of a disaster, but also for knowing where to go when making a plan should it be necessary to shelter away from home. (2) In these days when people are often feeling isolated from each other, the Fair Grounds provides a place for communities to meet and have fun together. in a very healthy way.
