

Submitter: Kaitlyn Coleman

On Behalf Of: Curry County Fairgrounds

Committee: House Committee On Economic Development and Small Business

Measure: HB2510

Fairs are an integral part of Community History, and, especially for small fairs, a huge piece of summer activities. Financial support for fairs has been getting smaller and smaller while costs continue to go higher and higher. In order for many fairs to survive there must be a change in the availability of more funding. This is an important piece of the puzzle. Allow the full 1% that was allocated to fairs to be given and you will breathe fresh air and hope into many fairgrounds.
