

Submitter: Maggie Bagon
On Behalf Of: self
Committee: House Committee On Revenue
Measure: HB2433

Once again there is another tax break for "small businesses" Low income individuals are required to pay as much as far more wealthy individuals and if you are too poor to own property there is nothing that you are qualified to deduct. Oregon has a very regressive taxing system. Lets tax fairly and please figure out a way to tax the wealthy not the poor.
