

Submitter: Christine Michalek
On Behalf Of:
Committee: House Committee On Revenue
Measure: HB2433

I support HB 2433 and the impact that it will have on small businesses throughout our state. Increasing the exemption to \$5 million will relieve small businesses from an additional financial burden. Hopefully this will afford businesses to invest in their people, product, and processes and continue to remain strong, solvent small businesses that support the communities in which they operate.
