Committee: Senate Committee On Human Services

Measure: SB646

I'm a mom of a child who has a rare medical condition and I am a social worker with 10 years of experience working in a field and supporting families who are faced with financial and emotional struggles from caring for their children. I have been advocating for families and I believe supporting parents in their desire to stay home with their children and get paid is crucial in addressing the needs of children with disabilities. Providing financial support to those parents who want to be the ones providing care is essential. I believe no one like parents can provide a loving and nurturing environment as parents can! Please consider approval for this bill!
Sincerely, Olena Burger
