

Submitter: Rachel Morris  
On Behalf Of: Tara and Ashton Stone  
Committee: Senate Committee On Human Services  
Measure: SB646

I am in support of parents of continuing allow parents of disabled children to claim hours that are available to them.

I know families who have had suffered abuse from assigned nurses. They are now untrustworthy to our families.

I urge the state to continue paying the parents who truly know what's best for their son.

Parent pay needs to continue!!

Sincerely a concerned Auntie
