

Submitter: Nicole Coon

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB2510

Hello,

I am writing to ask you to please pass HB 2510. The Clackamas County Fair Grounds is a great asset to the community, a draw for tourism, and a hub for thousands of 4-H families. The facility has been in need of repairs and upgrades for many years. The additional funding will no doubt improve safety, usability and access. As a former 4-H member and avid equestrian, I would really like to see the Clackamas County Fair Grounds maintain its status as a community center for generations to come.

Sincerely,

Nicole
