

Submitter: Lilly Longshore

On Behalf Of:

Committee: Senate Committee On Human Services

Measure: SB576

Removing the cap on savings accounts will reduce the limitations that people with disabilities have to work under. It is so hard to balance all of that and not go over Medicare limits, Medicaid limits that are very restrictive. It is a diss incentive to work actually. Removing these limitations would be very helpful and allow people with disabilities to work closer to their capacity and around their disability without having to worry about losing all benefits if they go over some dollar amount. Thank you.
