

Submitter: James H Carlson

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2903

As a resident of coastal, Netarts, Oregon for most of my life, I have witnessed subtle changes in our nearshore. Having experience with the stakeholder outreach and participated on the Cape Falcon community group, I am in support of HB 2903, which will be useful for marine science to help us understand the long-range changes to our nearshore.
