

Submitter: Rebecca Wolf

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB2510

Dear committee members, please consider my support of HB 2510 to increase funding for county fairgrounds in the state of Oregon. My family and I have been actively involved at several county fairgrounds over the past 60+ years. Myself, my children and grandchildren have participated in 4-H, Junior Rodeo, High School Rodeo, FFA and many spectator events at Clackamas, Marion, and Yamhill County fairs. Have also attended events at Deschutes and Polk Co. Fairgrounds. And during the fires of 2020 myself and many others used the fairgrounds for evacuation with animals. These fairgrounds have historically and currently are sorely lacking in funds to make much needed improvements to the facilities. Receiving more of the available lottery funds would certainly help their causes and enhance the facilities for the many activities that are so crucial for family growth and enjoyment. Thank you for your consideration. Rebecca Wolf
