

Submitter: Linda Farrington

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB290

My name is Linda Farrington and I oppose SB 298, 290, 291, 292.

Keep control local. We already know that schools are failing in every category. We don't need another advisory team to state the obvious. Education should return to the policies they had in place a couple of decades ago when schools were doing well. Let parents who may not fit some special category back at the table. Parents care the most about their children and would fight tooth and nail to see their children get an excellent education but current policy leaves them out. Giving the state more power and authority will defeat this potential home advantage for schools.
