

Submitter: Devin Trone

On Behalf Of: Liquor Store Agents

Committee: House Committee On Economic Development and Small Business

Measure: HB2502

Please support HB 2502. We as Your and the States Liquor Agents. Your hard working Liquor Agents on behalf of the State of Oregon need this to happen.

HB 2502 will implement an increased business loss compensation payment if the current system of liquor retailing in Oregon changes. This will enable store owners to get back at least some of their significant investment in these stores.

Thank you
