

Submitter: Lisa Bennett-Long

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure: HB2457

I assist individuals with health and medication management, safety issues, nutrition and meal preparation, personal hygiene, budgeting, positive behavioral support, socialization and communication, supports while on the job, this work requires resourcefulness, and an investment in the well-being of those I serve. I support the passage of this bill to allow DSPs in both residential and the in-home provider agency settings to be compensated for our highly skilled work with the participants we support. Please vote yes on HB 2457. DSPs, the people they support and their families are counting on your support!
