Measure: HB2915

Selling puppies and kittens in Pet Stores should be against the law. We have many shelters and rescues in our area that can more than supply a huge selection of pets for adoption. The animals from these facilities are healthy, they have appropriate shots, and they are either spayed/neutered or the adopter receives a coupon for spay/neuter. By not allowing sales from stores, puppy/kitten mills are not going to be putting their animals who have likely not been cared for properly and who may be ill/in poor healthy into homes. Our domestic animal population is out of control. I am a long-time volunteer at the Oregon Humane Society and I support HB 2915 wholeheartedly!!!
