

Submitter: Cathy Rackham

On Behalf Of:

Committee: House Committee On Education

Measure: HB2656

No to HB2656, No on mandatory surveys. Surveys should not be mandatory for Students especially without a Parent or Guardian able to review the survey prior to it being presented to the student. We want education in schools, reading, writing, arithmetic, history, science, music, sports, arts and physical education being taught, not useless studies on things that schools have no business indoctrinating our children into or asking our children about.

Concerned parent and grandmother,

Cathy Rackham
