

Submitter: Tim Woodhead

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB2502

As a liquor store owner in Eugene, I wrote in support of HB2502. We appreciate the support and safety net of our livelihoods, should privatization of our industry ever come. I employ 8, and work 7 days a week to try to make ends meet. HB2502 would go a long ways towards making that effort worth while, should big business swoop in and crush all of our mom and pop businesses.
