

Submitter: Sharon Richer

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB819

I support this bill because ODE should receive and review data that accurately reflects how often students are removed and not able to access their education. Our family experienced this type of removal with the transition to Grade 1 and a longer school day so I fully understand how it can impact learning. It is imperative to monitor for any increase in this happening and partner with individual school districts to find solutions.
