On Behalf Of: Mr Oregon Opposes SB 842
Committee: Senate Committee On Labor and Business
Measure: SB842

Thursday, [02.09.23]

I OPPOSE [SB 842].

The money should be a low-interest loan, not a "Grant."

Port Orford is doing a good job in transparency and accountability.

Some good people are going to become rich business types once this project is completed and that is why a "Loan" would be more appropriate.
