Measure: SB542

Thursday, [02.09.23]

I SUPPORT [SB 542].

There is a Tractor Company, I won't say its' name but, the Tractors are panted Green with yellow rims. This company saw fit not to give instructions on how to repair the Tractor forcing any and all purchasers to bring their Tractors to their shop for repair even though, the Tractor owners were excellent mechanics themselves.

If any of you can't figure out what is going on with this Tractor company's sly way of making money, do not buy a Tractor painted Green with yellow rims. Period.

Mr. Oregon Concur...I have a Tractor painted Green with yellow rims I'll sell you real cheap.
