On Behalf Of: Mr Oregon Supports HB 2605
Committee: House Committee On Rules
Measure: HB2605

Friday, [02.10.23]

I SUPPORT [HB 2605].

Our nation needs more independent newspapers and other assorted journalistic publications.

More and more newspapers are being scooped by multimedia corporations which breeds censorship and the untruthful publication of misinformation.

Local events should be of journalistic interest and I personally enjoy the stories. Of course, some of the editorial commentaries are "bush-league" but, it is still an opinion.

[HB 2605] is good Legislation...a rarity to be sure but, Good Job!
