Measure: HB2999

I Rachel Dantona, am a resident of Bend Oregon and am in support of this Bill. The amount of times I travel every year on highway 20, to Suttle lake and beyond is countless. I can't express enough my deepest concerns when driving on highway 20 in fear of a collision with wildlife. If there's an opportunity to create a corridor for wildlife , this could save MANY lives. Oregonians are outdoor enthusiasts and wildlife supporters. Let's keep Oregon safe and green! Thank you for your time.
