

Submitter: Nathan Penfield

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2999

Dear Chair Helm, Vice-Chairs Hartman and Owens, and Honorable Members of the
Committee:

I completely agree with this bill, HB 2999, believing it will save lives and help our
wilds thrive.

Across Oregon, the combined effects of development, roads, climate change, and
human activity are taking a toll on both wildlife and their habitat. HB 2999 would
provide important support to help address wildlife habitat connectivity and motorist
safety concerns across the state by:

Strengthening the Oregon Department of Transportation's program to reduce wildlife-
vehicle collisions and implement mitigation projects.

Allocating \$5 million to support on-the-ground work to reconnect wildlife corridors,
building upon previous investments by the legislature.

Improving Oregon's ability to compete for the unprecedented federal funding
currently available through the IJA Wildlife Crossing Pilot Program and other federal
grant programs.

For these reasons I strongly support HB 2999 and ask that you pass HB 2999 during
the 2023 legislative session.

Sincerely,

Nathan Penfield
