On Behalf Of:
Committee: Senate Committee On Health Care
Measure: SB584

This list is not designed to hold constitutional rights for its individual. but is to take away rights from a citizen that has put so much work into doing what is great for mankind. I know there oppose the idea of blacklisting because of some inhumane Doctrine that has been established in a way that excludes people from doing work for others this list is designed to exclude the first amendment of freedom of choice freedom of speech and freedom so that a company that is solely prior on profit can you use the term selective in a way to exclude others is not a part of their agenda I urge Oregon Health Care to look at the past of this decision it is negative effects on the healthcare look at the shortest of nurse crisis that was caused by the pandemic and reevaluates your decision. the organ Health registry Act is another way of violating individuals' privacy there's no need for this type of registry but there is a need Healthcare approach please allow each individual to act in the way that they were designed and not in a way that their cohort.
