

Submitter: Raquel Gilbertson

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2996

This bill is not ok. We offer an intense experience to help patients and their dental care. We are at a lack of Dental Assists and we get over worked and underpaid. So for the ones that had to go through all the tests and materials and X-ray certifications then lower our pay by having new recruits to not be certified and not know what they are doing with radiation is not in the best interests of the existing Assistants.
