

Submitter: Waverly Hayner

On Behalf Of: myself and my wife and our community

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure: HB2601

Thank you for the opportunity to voice my Support of HB 2601. The people of Oregon have a right to demand Transparency in how Pension Funds will be lost and how divestment in Fossil Fuel Infrastructure will not just benefit their retirement income but everyone in the state and nation by reducing Climate Changing emissions. Not divesting from these polluting industries makes Oregon a part of the problem and willing to sacrifice the health and well being of all life for profit and greed. Please support and pass this important start to addressing the Climate Catastrophe that is causing Chaos Globally.
