

Submitter: Susan Wechsler

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2215

Oregon voters have already expressed their distaste for nuclear power plants when there is no safe way to store the radioactive by-products.

Aside from safety, there are other forms of non-fossil fuel energy that are far more democratizing in terms of personal affordability. Let's put the dollars & effort into democratizing solar & wind power.
