Committee: Senate Committee On Finance and Revenue

Measure: SB626

This Bill makes no sense and will make an already difficult process for families, both financially and emotionally, that much harder. As a probate attorney, while this may be a fee multiplier for me by blurring the lines of who is and is not an heir, opening up the possibility of litigation that may not otherwise have occurred, making probate cases even longer than they are now and dragging families through even more turmoil than the current system requires, it is not possible that this Bill will make the probate process easier on anyone who has to go through that process for their deceased family member.

This Bill appears to make an already difficult process even more difficult. Common sense says throw it out and never consider it as an option again.

I oppose it.

Thank you.
