Oppose 2107

Dear Representatives on the House Committee on Rules,
As quoted from HB 2107, "the OHA may not provide to the secretary any electronic records demonstrating that a person is not a citizen of the United States." Then the secretary shall obtain an electronic signature from the Department of Transportation for each person for whom the authority does not provide an electronic signature used for purpose of registering electors to vote – if Transportation has their signature, then they have already entered the motor voter system. The Motor Voter System is a system set up for voter fraud!

This is yet another way for the American Citizens to be disenfranchised! Oregon has the weakest Election Laws in the Nation. No Proof of United States Citizenship, Voter Rolls are not cleaned and people are never removed from Oregon Voter Rolls. The only requirement to vote in Oregon Elections is a utility bill! No Identification required.

Let us work together to Ban Vote Tally Machines, and Go back to Free and Fair Election- Vote on Election Day, In Person with ID at our local precincts! * Vote Amish.

Legislator that votes in Support for HB 2107 are not up holding their Oath of Office:

Land of the Empire Builders,
Land of the Golden West;
Conquered and held by free men,
Fairest and the best,
Onward and upward ever
Forward and on, and on;
Hail to thee land of Heros,
"MY OREGON"
Land of the rose and sunshine
Land of the summer's breeze;
Laden with health and vigor,
Fresh from the Western seas,

Blest by the blood of the martyrs,
Land of the setting sun;
Hail to thee, Land of Promise,
"MY OREGON"
