

Submitter: Racheal Davis

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB704

My husband and I can only afford a very high deductible plan for ourselves. We each have a deductible of \$6900. Therefore, we rarely go to the doctor unless absolutely necessary because we can't afford the cost of \$200+ just to be seen and then the cost of any tests, procedures, or prescriptions on top of that. It is beyond time to cut out the profit-seeking middle man of insurance and follow the rest of the developed countries by providing quality Healthcare as a right. And it would not only save the residents of Oregon money but it would also save the state of Oregon money. It's both ethically and fiscally the right thing to do.
