Measure: SB704

Greetings. I am a behavioral health counselor, a Licensed Clinical Social Worker. I have been providing services to OHP clients for several years. The comprehensive medical and mental health care that my state insurance clients receive makes them decidedly more resilient and stable and increases their overall wellness and ability to function. I would like all Oregonians to have this care and security. The Governance Board is an important step on the path to Universal Health Care in Oregon. Investment in our citizens health tells every Oregonian they matter --And That Matters. Thanks You, Anya Valsamakis
