Committee: House Committee On Business and Labor

Measure: HB2915

Dear House Committee on Business and Labor,

I am writing to ask your committee to support the passage HB 2915, which would prohibit future Oregon pet stores from selling puppies and kittens. My wife and I have enjoyed our animals over the years, and we are horrified with the concept of organized puppy/kitten mills. There are so many dogs and cats that are always in need of adoption without having formal business ventures adding to the animal population.

This is the time for Oregon to join our neighboring west coast states in this type of legislative action, as both Washington and California have already passed similar laws. Thank you for your continuing dedication and service to our state, and thank you for considering my thoughts in support of HB 2915.
