Committee: Senate Committee On Natural Resources  
Measure: SB530

Natural Climate Solutions are a win-win for Oregon's climate and for farmers, ranchers, forest owners, and entire communities across the state: The same practices that sequester and store carbon also make our lands and waters more resilient to climate-fueled drought, wildfires, and extreme temperatures.

While we have these resources let's preserve them for our health and the wellbeing of our children.

Thank you.
