Measure: HB2107

No on HB2107! Do not extend automatic voter registration to the Oregon Health Authority. I don't know why the Oregon Health Authority, an unelected group should have anything to do with voter registration, nor do I think that those released from prison should be given a voter registration on release. If these individuals want to vote, they should be able to arrange to register on their own. It is again a way to inflate the voter rolls with people who may not want to vote and allows greater opportunity for fraud.
