

Submitter: Robert Woodrum
On Behalf Of:
Committee: Senate Committee On Rules
Measure: HB2032

I am calling on all Christians to write your opposition to HB 2032. This bill expands the domestic partnership under law to opposite sex. This is my testimony. You can use part or all or just say VOTE NO.

I OPPOSE HB 2032 which is to permit non-same-sex couples to register as domestic partners outside of marriage. This is a slippery slope that legalizes another immoral act. From the time government co-opted marriage into the taxing system, it has worked to destroy the family and family values that were endowed by our creator. There really is no reason for the government to dictate the status of relationships or label relationships.
