

Submitter: Lynn Gilkison

On Behalf Of: BCRCC

Committee: Senate Committee On Natural Resources

Measure: SB812

My name is Lynn Gilkison and I am a member of the Benton County Radio Control Club, we are in District 11 of the AMA, club #1049 and my AMA # is 1071713. I'm not sure why our local government would restrict our flying field at Brian Unwin Park at Adair Village but as I understand it had been federal land that was donated for use as a public park in one section and a RC flying club in another part of the park. I've been flying there for over 15 years and never encountered any problems with anyone. The time line of this decision is very sudden and inappropriate without review. I'll sign off as a very concerned citizen. L.G.
