

Submitter: Rhiannon Theurer

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2458

I am a licensed marriage and family therapist who works primarily with LGBTQ clients. Personally and professionally, I have witnessed the devastation of conversion “therapy” on queer and trans people. It is abusive and traumatizing to people emotionally, mentally, spiritually, and at times physically. Please support the passage of HB 2458.
