

Submitter: Steven Lewis

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB704

The financial risk of medical expenses does a lot of work to inhibit entrepreneurial activity and limit our economic opportunities in the state, never mind the impacts of under-treatment and lack of preventative care to our economy and to our friends and neighbors here in Oregon. A comprehensive plan for implementing a Universal Health Plan through the state will unlock resources and help to bend the curve on the cost of health care delivery through improved efficiencies. Please embrace this vision and help to move SB704 forward.
