

Submitter: tammy Weese

On Behalf Of:

Committee: House Committee On Rules

Measure: HB2585

This Bill needs to pass motor voter has been a disaster since it started. There is no reason for people to have their voter status changed every time they go to DMV for a transaction. The DMV has nothing to do with voting and never should have had this in their facility, to begin with. The people of Oregon have been disenfranchised of their right to vote under the party they originally signed up for because of Motor Voter. They have been denied their rights to stay as PCP's or become PCP's because motor voter changed their party and the people did not know it then had to wait the 120 or 180 days after changing back to their party. Motor Voter is horrible for Oregon and needs to STOP.
