

Submitter: Molly Mayo

On Behalf Of:

Committee: House Committee On Business and Labor

Measure: HB2915

With six million dogs and cats brought to animal shelters annually, where many face the saddest possible fate, the for-profit sale of animals in retail stores must end. With six million cats and dogs needing home each year, breeding cats and dogs for profits is unethical. Additionally, many for-profit breeders selling animals in retail settings have inhumane standards of care, as their goal is profit and not animal welfare. Please support this bill as a step in the right direction to end pet overpopulation and create a humane future for animals.
