Committee: Senate Committee On Health Care

Measure: SB704

Health Care is a Human Right. I had the experience of living in Germany in the 70s where I gave birth to my second child. Since my husband was employed by a German company, all expenses related to the birth were paid under the German system. On my return to the U.S., I was denied care a few times because I didn't have the insurance that was required. Since then, I have been a firm supporter of a system of health care that includes everyone.
