

Submitter: Virgene Link-New

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB530

I support SB 530 because Natural Climate Solutions are a win-win for Oregon's climate and for farmers, ranchers, forest owners, and entire communities across the state: The same practices that sequester and store carbon also make our lands and waters more resilient to climate-fueled drought, wildfires, and extreme temperatures. SB 530 will provide the resources needed to implement these practices."

For these reasons, I strongly urge you to vote YES on SB 530.

Thank you for your time.
