

Submitter: Margaret L Mead

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB704

I urge this committee to vote favorably on SB704. If we had Universal Health Care for all Oregonians, our total health--physical, mental, emotional--would improve. There would be less crime and fewer homeless people because of the availability of various services, especially when people are really in need. The sooner some problems can be identified and treated, the easier the "fix." Money would be saved in the long run, as well as having a healthier, happier population.
