Measure: HB2458

I strongly oppose Oregon HB2458. Please do no harm first. Don't allow current Transgender ideology to be brainwashed on young minds. Children are being pushed into this horrible ideology and the medical field, governments, and media are wrongly harming these youth by not giving them proper treatment of do no harm and watchful waiting that has already been proven to work. Stop harming children. Most of these children suffer from other mental illnesses that are not addressed because of the push by governments, medics and media of transgender affirming care only. It's a horrible disgusting maleficent thing to do to innocent naive children who are in need of real help not medical malpractice. Stop the ruinous ideology. Lies lies lies are being told to young people. Sex is binary and nobody is born in the wrong body. Stop the medical gender transitioning of kids.
