

Submitter: Altamush Saeed

On Behalf Of: Committee: House Committee On Business and Labor Measure: HB2915

Many cats and dogs are more than just animals. They are our companions and sometimes family. Ever since Covid19, having experienced the social anxiety of living in an enclosed environment, we can imagine how cats and dogs must have felt subjected to crowded, unsanitary conditions where they are afforded little to no veterinary care. Many of these retail stores are also involved in inbreeding for profits.

OR Law already considers animals as sentient beings and has strong laws on animal cruelty. The passage of this bill fulfills the values OR citizens carry for their cats and dogs. I strongly request the committee to support HB 2915
