

Submitter: Derek Becker  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB2107

Members of the committee,

The Oregon Health Authority has nothing to do with voter registration and should have nothing to do with it. The registration of citizens who choose to vote belongs with the Counties and the Counties alone. Expanding bureaucracies does nothing but waste more tax payer money and give government more power.

Please join me in opposing this bill.

Respectfully
