

Submitter: Carol Hoon

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB434

Dear Legislators,

I am opposed to requiring a Mediation program for eviction. Time and time again, it is shown that more government interference slows down the normal processing for these types of procedures. As a landlord, I have never had to evict a tenant. However, I will say that I don't think a mediation system should be required.

Thank you.
Carol Hoon
